

EXTENDED WARRANTY PROGRAM

Startup & Commissioning

Make startup easy — and extend your factory warranty up to 5 years.

TOTAL COVERAGE

Up to 5 Years

1-yr factory warranty
+ 4 additional years

When you invest in new Endress+Hauser instruments, the way they're started up determines how they'll perform for years. A factory-certified MMS technician gets every device running right the first time — and extends your coverage to up to 5 years total.

WHAT'S INCLUDED

- ✓ **Installation & setup review**
We confirm the installation and review your process conditions for optimal setup.
- ✓ **Connection & configuration**
We verify electrical connections and configure each device.
- ✓ **Performance verification**
We run a complete range of tests and checks to verify the health of the electronics, sensor, and signal.
- ✓ **Operator training**
We train your team and advise on future maintenance needs.
- ✓ **Full documentation**
We issue a complete service report for your records.

WHY IT MATTERS

- ✓ Performance guaranteed from startup
- ✓ Up to 5 years of warranty protection
- ✓ Fewer nuisance alarms, less downtime
- ✓ Factory-certified technicians
- ✓ All test equipment & tools provided
